EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Insert the following before the first sentence of the specification:

This application is a divisional of application 10/276,670, filed November 18, 2002, now pending, which is a 371 of PCT/JP01/04400, filed May 25, 2001.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art of record does not anticipate or render obvious the claimed oxazole or thiazole compounds or pharmaceutical compositions thereof. The closest compounds are disclosed in U.S. Patent 6,624,185. The oxazole compounds disclosed therein differ from the claimed oxazole compounds in that a cycloalkyl or cycloalkenyl group replaces the phenyl group in the claimed compounds and a phenyl group replaces the group E of the claimed compounds. The reference provides no motivation to modify the compounds disclosed therein to arrive at the claimed compounds.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Fiona T. Powers whose telephone number is 571-272-0702. The examiner can normally be reached on Monday - Friday 8:00 AM to 4:30 PM.
